

## Grant Helps Promote Business Recycling

Excerpt from "The Link"

August 30, 2010

# County receives recycling funding

### Region Reports

Chesterfield County was recently given grant money for a Smart Business Report.

The Smart Business Report portion of the grant is to promote and educate more businesses in the county to recycle. Through this, Chesterfield County was able to purchase promotional items, (made from recycled materials), county brochures and recycled content tote bags to encourage more businesses in the county to recycle.

Recently, nearly 30 tote bags were donated to the town of Chesterfield by

Chesterfield County. The tote bags will be given out to new businesses that open in Chesterfield to educate and promote recycling in
