- 7 PATRICK**, 13678 Highway 102, Patrick – (843) 498-6384

Recycling Tips

- **COMPOST!** Call **1-800-768-7348** to receive the free booklet “Composting Made Easy.”
- **SHOP SMART!** Buy in bulk. Buy only what you need. Think about the packaging when you shop. Is it recyclable?
- **THINK BEFORE YOU THROW.** Reuse items by repairing them. Use glass jars for storing things. Reuse paper and plastic bags. Reuse boxes and packaging materials.

Why recycle?

TO SAVE NATURAL RESOURCES

- For each ton of recycled glass used to make new glass, nine gallons of fuel are saved.
- When paper is made from recycled fibers, 58 percent less water is used – compared to making paper from raw materials.

TO SAVE ENERGY

- One aluminum can saves enough energy to power a television set for one hour.
- Two gallons of used motor oil has enough energy to power the average home for 24 hours.

TO SAVE LANDFILL SPACE

- It costs tax payers millions of dollars to construct new landfills. The less that goes into a landfill, the longer it will last.

Recycle Used Motor Oil, Filters & More

The following petroleum products ARE ACCEPTED and may be put into any used oil collection tank:

- motor oil;
- hydraulic fluid;
- gear oil;
- diesel fuel;
- fuel oil;
- kerosene;
- lamp oil;
- automatic transmission fluid; and
- power steering fluid.

Used motor oil, oil filters and empty motor oil bottles are frequently disposed of improperly. ONE GALLON of used motor oil poured on the ground or in a sewer system can contaminate as much as 1 MILLION GALLONS of water – often the very water we drink.

To make proper disposal easy and convenient, all Chesterfield County Recycling Centers accept used motor oil and oil filters for recycling. The used oil must originate from do-it-yourself oil changers. NO LARGE or BULK-TYPE DISPOSALS are permitted.

This brochure was printed on **RECYCLED CONTENT** paper.

DHEC OR-0432 2/10

RECYCLABLES COLLECTED	WHAT AND HOW TO RECYCLE	WHERE TO RECYCLE
ALUMINUM	Aluminum beverage cans, clean aluminum baking pans, clean aluminum foil – Rinse. Labels DO NOT need to be removed.	All Recycling Centers

TIRES	Chesterfield County residents may recycle 10 tires per year at NO CHARGE. For additional tires, proof must be provided that the \$2 tire recycling fee was paid. If proof is not available, a fee of \$1 is charged for each car or truck tire. Tires must be off the rims.	ONLY at Burnsite, Chesterfield, Jefferson and Patrick Recycling Centers
USED MOTOR OIL, FILTERS AND BOTTLES	Used motor oil, filters and bottles from cars and other vehicles – Oil must be free of gasoline. Limit 5 gallons per visit.	All Recycling Centers

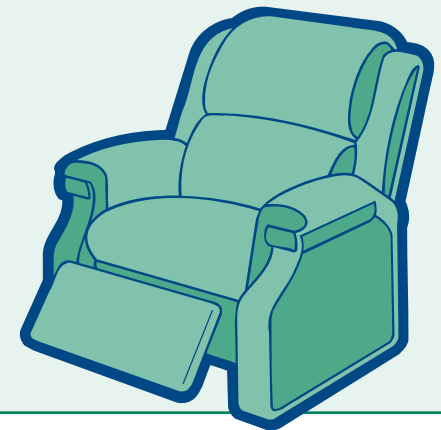

Open burning is ILLEGAL!

Open burning is the burning of any material in an open fire or an outdoor container. Smoke from open burning pollutes the air and causes health problems for children and adults. These problems can be worse for people with lung problems.

In South Carolina, IT IS AGAINST THE LAW to burn: household garbage and trash; paper, motor and waste heating oils; roofing materials such as shingles and tar; tires and other rubber products; building materials; plastics; paints; household cleaners; farm chemicals; electrical wire; and insulation and duct work. South Carolina and local governments have laws to limit open burning. For more information, call your local DHEC Environmental Quality Control District Office at **(843) 661-4825**.

More to Know...

- **HOUSEHOLD GARBAGE** must be bagged and must not originate from a commercial, industrial or municipal source.
- **FREE RECYCLING!** There is NO CHARGE to recycle materials accepted in the Chesterfield County program. See the table at the left for more details.
- **BROWN GOODS** consist of household furniture, carpet, wooden swing sets, small quantities of painted lumber and other similar items. The cost for disposal is \$7.50 per half ton pickup load or \$1.50 per individual item (e.g., chair, mattress, etc.).
